**The following is an examiner's statement of reasons for allowance:**

4. Independent Claim 13 is allowable because none of the prior art of record disclose an information handling system wherein a connector member having a varying mating surface contact with a charged connector discharges static energy distributed over time due to an impedance of the connector that varies along its length in combination with the other claim limitations.
5. Claims 14-21 are dependent on allowable Claim 13 and therefore allowable.

***Comments to reasons for allowance***

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
